## Finalist for the Enterprise Saskatchewan Award for New Venture

Founded in 2006, Canadian Relocation Solutions (CRS) specializes in serving United Kingdom clients wishing to immigrate to Canada. CRS is a full service immigration/relocation firm taking care of clients' immigration legal and resettlement needs.

CRS believes their best measure of success is the number of client referrals they receive; they are constantly seeking new valued-added services and partnerships to improve their offerings.

CRS focuses on clients wishing to enter Canada under the Canadian Immigration Investor Program. The company treats potential clients as individuals, not as numbers, and they reply to all legitimate inquiries. CRS now maintains a database of over 5000 individuals and families who have contacted them about immigrating to Canada.

CRS wants to become the brand everyone associates with the Canadian Federal Immigrant Investor Program and plans to become a major relocation organization while also serving local client needs and contributing to the growth of Saskatchewan.
