

Central Asphalt & Paving Inc. Finalist for the WorkSafe Saskatchewan Award for Job Creation

Central Asphalt and Paving, a division of Lafarge Canada Inc., supplies and installs asphalt and related roadbuilding activities. Central Asphalt and Paving has recently expanded its operations to provide more complete service to its customers. The company now operates a concrete crew and a trucking fleet to make it a one-stop-shop for clients.

Central Asphalt and Paving has increased its full-time staff from 55 in 2006 to 104 in 2008. The company has a policy of promoting from within and supports the personal growth of its employees. Central Asphalt and Paving also requires all employees to attend both orientation and safety training at the beginning of every year.

In addition to the variety of training offered by the company, employees are also encouraged to participate in the company's social club which organizes everything from barbeques to golf tournaments. The company has also partnered with SIAS to create the province's first certified concrete finishing school.
