

## **Driven Automotive Repair & Detailing Centre Ltd.**

### **Finalist for the Enterprise Saskatchewan Award for New Venture**

Driven Automotive is a full service automotive repair centre with emphasis on computer and electronic diagnostics. They provide basic maintenance, mechanical brake and suspension repair, as well as cleaning and detailing services. Driven Automotive believes a properly tuned and maintained vehicle saves emission and increases vehicle lifespan, which provides clients with better return on their transportation investment.

Having a reputation of honesty, integrity and professionalism, Driven's strengths are based on a great combination of leading-edge equipment, and the collective knowledge of the team which has grown from four to seven full-time and three part-time members.

Driven Automotive consistently performs in the top quarter when compared with industry averages identified by Statistics Canada, and have experience terrific growth in revenue. Winner of a Better Business Bureau Torch Award for Business Ethics and Finalist for the New Business Venture Paragon Award through the Regina and District Chamber of Commerce, Driven Automotive is a demonstrated industry leader.
