

Team Drilling LP.

Finalist for the Enterprise Saskatchewan
Award for New Venture
and
Finalist For the SaskEnergy
Award for Aboriginal Business

Team Drilling is a Canadian owned and operated company based on knowledge, experience, integrity, and safety, and is focused on providing drilling services for underground and surface exploration in the minerals industry.

With headquarters in Saskatoon, Team Drilling focuses their drilling activities throughout Northern Saskatchewan, and other drilling projects across Canada and worldwide.

As Team Drilling has expanded with new projects and additional drills, more field personnel were required to operate the drills. The company has grown from 5 field personnel in June 2008 to 98 field employees operating 10 drills. Team Drilling has 104 employees, and 16 percent of those are First Nations.
