

Travelodge Hotel Saskatoon

Finalist for the Enterprise Saskatchewan Award for Training Excellence

The Travelodge Hotel Saskatoon, founded in 1972, is the second largest hotel and meeting facility in the province. A unique destination for travelers in Saskatchewan, as it is the only full service property in the province to offer “Themed Guest Rooms”.

As a service orientated organization, the Travelodge is committed to the ongoing personal and professional development of all their associates irrespective of their position within the company. The Travelodge recognizes that effective training and mentoring is an investment that will increase staff retention and provide succession opportunities from within.

The Travelodge Hotel Saskatoon was the first company in Saskatchewan to partner with the Provincial Government in a pilot project for providing the AWE (At Work English) Program for all foreign workers. This program has been a great success and serves as an example of how the company is changing to meet the needs of different associates.
