### **Finalist for the Canadian Bankers Association Award for Community Involvement**

Pic-Man Tattoo is a tattoo parlor located in downtown Saskatoon, specializing in body art. Pic-Man Tattoo sets itself apart with customer service, believing that it is a person's right to choose what they want on their body and is proud to offer personalized, professional body art services and assist clients in determining the best way to turn creative ideas into body art. The shop is dedicated to ensuring that customers are able to translate an idea into the perfect expression.

Investment in the community is just one of the many ways that Pic-Man Tattoos demonstrates their commitment to being a good business citizen. Involvement as event sponsors, participating in events with staff time and expertise, means that staff gave away 10 percent of their time in 2007 and 2008 to volunteer causes.

Staff members take an active part in community activities during work hours through presentations to inner-city youth at local schools, involvement with the 'Inspire the Dream' program, round table discussions at museum programming and many other involvements.
