

Rescan Environmental Services

Finalist for the SaskWater Award for the Environment

Rescan Environmental Services Ltd. is an environmental consulting firm offering a wide range of services to the resources development industry including social and environmental effects assessment, environmental baseline characterization and environmental engineering services.

Rescan not only works to provide clients with environmental solutions that will minimize their environmental footprint, but the company has also instituted several in-house programs to conserve energy and reduce waste.

In 2009, Rescan was selected as one of Canada's 50 Best Managed Companies as well as one of Canada's 30 Greenest Employers. Rescan is committed to customer service and offers clients numerous feedback opportunities including opportunities for feedback on proposal, management and project completion. It is through this feedback that Rescan continues to improve its

customer relationship management.

Rescan recently opened an environmental consulting office in Saskatoon after recognizing the city as a strategically important talent center for projects in surrounding jurisdiction.
